A DRED-DELL AFFAIR.—The publish-

ers of Mrs. Stowe's new abolition novel,

"Dred," expected to sell 25,000 copies

at the recent Trade Sales. They made

out to dispose of 300, all told. The

abolition novel business has evidently

passed away, and "Dred" is a dreadful fail-

ure.

S. C. SELMA (Ala.) Reporter says if

you wish to see a ranting southern

rights Democrat hang down his head

and blush, just read to him Martin Van

Buren's letter endorsing and adopting

the squatter sovereignty creed of James

Buchanan. And if you want to see a

face on which is depicted "confusion

worse confounded," read to him John

Van Buren's—John, the "prince" of

Democracy—endorsement of Buchanan

and his principles.

—

The Covington Journal says the

Sag Night editors possess wonderful

sagacity in discovering "snare nests,"

When the American Order first made

its appearance in the land, they proved

to their own satisfaction that it was a

"Whig Trick," and since the adjourn-

ment of the late National Whig Con-

vention, they are equally sure that that

gathering was a "Know-Nothing Trick."

We wonder what kind of a "Trick" they

will call the defeat of "Buck and Breek"

in November?

—

AN UNLUCKY DAY FOR THEM.—In

Ottawa, Ill., last week, the following

good one was got off. The Democrats

had a grand rally and barbecue. An

Irishman went to some of the Democ-

ratic leaders and said: "And sure didn't

you know better than to have a barbecue

on November the two-thirds of the Dem-

ocracy?"

—

CAN IT BE POSSIBLE than a Clay

Whig can have the conscience to throw

off such a man as Fillmore, the strong

and long tried political friend of the im-

mortal "Hairy of the West," and vote

for such a man as Buchanan—the vile

cannibalist and traducer of the charac-

ter of Henry Clay—the man who has

trimmed his sails to every political

breeze since the day of Black Cockade

Federalism down to the present day—

the man who is now courting, and in

fact receiving and enjoying the fau-

lance and patronage of such men as Ma-

tin Van Buren, John Van Buren, and

others of the same stripe.

DEMOCRACY AT THE NORTH.—A demo-

cratic paper affirms that the following

charge are falsehoods:

The charge that the present Admini-

stration, of the democracy are trying

to plant slavery in Kansas, is a false-

hood.

The charge that democracy wish

Kansas to be a slave State, is a falsehood.

To this a cotemporary adds:

We have, then, only to say democracy

FILLMORE AND THE UNION.

"If there be three, North or South, who dare to administer the Government for the South, or for the South, against the North, they are not the men who should give their suffrage to me. For my own part, I know only my country, my whole country, and nothing but my country." — MILLARD FILLMORE'S ADDRESS ON HIS LANDING AT NEW YORK.

"The foundation of my preference is, that Mr. Fillmore has administered the Executive Government with signal success and ability. He has been tried and found true, faithful, honest, and conscientious." — HENRY CLAY.

The Democratic majority in this city is 59, a gain of 6 over Medill's vote. The county as far back from shows a Democratic gain.

CINCINNATI, Oct. 14.

The election passed off quietly. The weather is cold, windy and disagreeable. The returns in this county, embracing the 1st and 2d districts, indicate the election of the Democratic party by considerably reduced majorities.

The returns of this State generally indicate Republican gains.

INDIANA ELECTION.

CLEVELAND, Oct. 14.

St. Josephs county, Indiana, gives Colfax 1,000 in Congress, in two townships, a majority of 234.

Washington township, in Knox county, gives the Republican ticket about 50 majority. The vote will not all be counted in Vincennes till morning. Contest close. The Democrats will probably carry the county by a small majority.

Four precincts in Marion county show a small Republican majority. One precinct to hear from.

The vote will be close. It was formerly strongly Democratic.

FLORIDA ELECTION.

BALTIMORE, Oct. 14.

The returns received from 16 counties, Florida, show Wall's, the American candidate for Governor, to be 57 ahead. The 13 counties to him from 20 of 24, give him a majority of 1,654. They embrace one fourth of the State, and if the Americans have gained in the same proportion, the vote must be very close and the result doubtful. The Congressional vote is some countys run ahead, and in others behind the vote for Governor.

SAVANNAH, Oct. 14. Additional returns from Florida indicate that the Democrats have carried the State by 500 majority.

GEORGIA ELECTION.

SAVANNAH, Oct. 14.

The whole Democratic ticket is elected. The Mayor's majority is 130.

ARRIVAL OF THE GEO. LAW.

NEW YORK, Oct. 13.

The steamer Geo. Law arrived, with California dates to the 26th ult., and nearly two millions in specie.

Among her passengers was Col. Totten.

The ship Independence and sloop-of-war St. Mary were at Panama, and the Saratoga at Aspinwall.

The general intelligence from California is unimportant.

Pelton occupied the public mind to the exclusion of every other subject.

In San Francisco there was a movement to unite the various elements of opposition to the Democrats, who are bitter enemies of the Vigilance Committee. It was somewhat doubtful however whether the project would succeed.

The Democrats have nominated Charles L. Scott and Jos. C. McKittrick for Congress. They are Gwinns or anti-Brodrick.

John T. Durkee and Charles Rand have been tried on a charge of piracy, for assisting in the removal of the State arms from the schooner Julia, in the harbor of San Francisco, during the reign of the Vigilance Committee. The jury rendered a verdict of acquittal after five minutes deliberation.

It has been brought against the Panhandle Railroad Company to recover \$20,000 damages for injuries sustained by the accident of the 6th of May last.

SOUTH CAROLINA AND MASSACHUSETTS.

It is a great pity that the Keets and Brookes of S. C., and the Burlingame and Wilsons, of Mass., were not in States side by side, where these politicians could fight it out, to their heart's content, without embroiling other States of the Union.

South Carolina pends feasts Brooks,

and Massachusetts elects blackguards like Burlingame and Wilson, and the petticoats and feasts of one are copied in the Northern Abolition papers to exacerbate the North—while the blackguards of the other is copied into the Southern Southern papers to exacerbate the South.

The moderate, conservative men in both ends of the Union, condemn all such stuff—all such exasperation. The great masses, even when frightened or duped off, into the support of these bullies and blackguards, have no real animosity, the North to the South, or the South to the North. We trade and intermarry, marry and intermarry,—and the South, raises cotton, rice, and tobacco, and sugar, and the North freightes it,—take commissions on it, make or sends profits in return for it, and lives and profits on it. There is danger, however, great danger, that these bullies and blackguards will get the better of the dormant conservative men—who traffic, and trade, and eat, and sleep,—while bullies and blackguards never traffic nor trade, nor sleep nor eat but little. It is quite time for the conservatives to wake up and put these South Carolina and Massachusetts bullies and blackguards down.

DANVILLE:

Friday, Oct. 17, 1856.

BEAR IN MIND.
That the Presidential Election will be held on TUESDAY, the 4th day of November.

WOOD! WOOD!

A number of our patrons have agreed to pay their subscription, &c., in wood. We would respectfully inform such that we are now needing the wood, and are ready to receive it. We hope they will bring it in immediately, otherwise we shall present our accounts for the money.

PARTICULAR NOTICE.

We have on our books, a large number of accounts, which though small, when taken separately, make in the aggregate, quite a large sum, and by the day, as many of our patrons in setting out, this sum is annually growing larger. We hope those of our friends who have already received their accounts, or who shall hereafter receive them, will consider themselves particularly and urgently called upon to pay up, as we very much need the money to meet our engagements. We sincerely trust that all concerned, will consider this matter, and promptly do us justice by settling the amounts of their indebtedness.

HEWEY'S FURNITURE SALE.—Mr. G. W. HEWEY's sale of fashionable Furniture, will be continued to-day, at his waterrooms, on Third street.

THE BARBECUE IN GARRARD.—The American Barbecue, near Bryantsville, came off on yesterday. Notwithstanding the weather was very disagreeable, we should not wonder if the attendance was quite large. The Americans of Garrard are fully aroused, and may be expected to give a good account of themselves in November.

The Danville Artillery, with their cannon, attended the Democratic meeting at Stanford on Tuesday, and the American meeting in Garrard on yesterday.

THE BASKET MEETING AT PARKSVILLE.—The American Basket-Meeting at Parksville, in this county, is to come off on Saturday, the 25th inst. Preparations will be made for an immense gathering on that occasion. Let it be a grand rally of the Americans of Boyle and the adjoining counties.

THE AMERICAN BARBECUE AT STANFORD.—Our American friends will collect that on Thursday next, a grand American Mass Meeting will be held at Stanford, on which occasion an old-fashioned Kentucky Barbecue will be served up. A number of fine speakers will be in attendance, and should the weather be at all propitious, a very large crowd is expected.

THE ELECTION RETURNS.—We publish in another part of our paper, all the returns we have received from the elections held on Tuesday last in the States of Pennsylvania, Indiana, and Ohio. The news thus far indicates the success of the Democratic tickets in Pennsylvania and Indiana, but we think the returns are not by any means sufficiently full, as yet, to render it at all certain who has been successful. Later advices may put altogether a different face upon the matter.

SUICIDE.—Mr. JAMES MAYFIELD, of Garrard county, shot himself with a shotgun on Sunday last, the 12th inst. He had been in bad health for sometime, and was evidently laboring under temporary mental derangement, when he committed the deed of self-destruction. He was in the 72d year of his age, and was one of the most respectable citizens of the county. We obtained the above information from the Coroner.

DEATH OF SHELBY STONE.—Hon. SHELBY STONE, late State Senator from the counties of Wayne, Russell, Clinton, and Cumberland, died at his residence in Russell, on the 5th inst.

THE DEMOCRATIC BASKET MEETING AT STANFORD.—Tuesday last, the day of the Democratic Meeting at Stanford, was emphatically a *jolly* day—as it rained almost without intermission, from morning till night. The "unruffled," however, assembled to a small extent, and were addressed in the Reform Church by Hon. Elijah Hise, Hon. Charles A. Wickliffe, and Col. Geo. B. Hodge. The day being altogether too unfavorable for out-door operations, the dinner was spread in the Court House, and from what we can learn, was by far the best part of the celebration. We have had no account of the speeches. We presume, however, that Mr. Hise regarded his audience, with his usual quantity of black-guard denunciation, for which he is becoming so disreputably notorious, and that they, as in duty bound, applauded his obscene attempts at wit, and his bitter abuse of his betters.

The enjoyment of the occasion was somewhat marred by a scene of bloodshed, in which a Mr. Mershon was shot by a man named Wheeler. The difficulty grew out of an old grudge between the parties. Mershon's wound, we understand, was not considered dangerous.

FIRE IN THE MOUNTAINS.—The gallant mountain boys held a grand rally for Fillmore and Donelson, at Irvine, Estill county, on the 8th inst. The meeting was addressed by G. W. DUNLAP, Esq., and a reply was attempted by Capt. SIMMS. Our advices from the mountain districts, are that the Americans are wide awake, and prepared to vote with a perfect rush for Fillmore and Donelson.

HO. FOR KANSAS.—Mr. J. A. REYNOLDS, who recently emigrated from Lexington, Ky., to Kansas, has been sent back as a delegate in behalf of the Southern settlers in that territory. He is to canvass this State for the purpose of raising money, &c., to furnish an outfit to those Southerners who design remaining in Kansas. He is now, we are informed, ready to commence his labors, and will address the people of any county, when invited to do so, at any time which may be selected. He is prepared to give all needful information in regard to the soil and climate of Kansas, its agricultural and mechanical advantages, and to instruct those who wish to emigrate, how to proceed in settling upon, and securing the location of their claims. Mr. R. is an intelligent young gentleman, and we doubt not his public addresses will be of a highly interesting character.

THE HARRODSBURG TRANSCRIPT says "Mr. Bell has taken the stump in defense of the last Know-Nothing Platform." Mr. Bell has done no such thing, and if the editor of the *Transcript* has heard him speak, he knows that such is not his position. Mr. Bell "has taken the stump" for Fillmore and the Union, against Buchanan and Disunion. The last Know-Nothing platform" needs no defense at the hands of Mr. Bell or anybody else. It commands itself to the mind of the patriot, and secures the support of conservative men of all sections, by its true national grounds, the justness of its principles, and the manifest necessity which exists for the adoption of those principles in order to save the country from ruin. There are many good men and true, however, now warmly supporting Mr. Fillmore, who differ honestly with the American party in regard to some of its avowed principles, and among these men, is the Hon. J. F. Bell. While we regret that he cannot agree with us in all points, we rejoice that his eloquent voice is sounding like a bugle call in behalf of our candidates. Wherever he goes, the people throng to hear him speak, and none are doing more valiant and effective service for the banners of the American standard.

WHEN the Sag-Nichts calculate on that grand twister, Archie Dixon, carrying Whig strength with him to the Buchanan party, they should recollect that Archie Dixon couldn't carry the Whig strength for himself in 1851. He was defeated by his own party, because they had no confidence in him, while Hon. John B. Thompson, who was on the ticket with him, was triumphantly elected. John B. Thompson is now for Fillmore, and Archie Dixon is for Buchanan. Let the record of the election of 1851 be the basis for calculation, and then tell us which of the two possess most influence with old-line Whigs.

HON. THOMAS CORWIN has taken the stump for Mr. Fillmore in Ohio. He spoke for two hours at Cartwright, on last Saturday, to a very large crowd; and it is said, made many converts from the Black Republican and Buchanan forces.

WHAT ARE THINGS COMING TO?—One of our New England contemporaries states, says the Philadelphia *Presbyterian*, that on a late Sabbath evening, whilst the pastor of a certain church was preaching a hot political sermon, one of his hearers, not thinking it for edification, took up his hat and rose to retire, whereupon the congregation immediately saluted him with a "storm of hisses."

BREADSTUFFS.—The wheat harvest of the United States this year is estimated at 150,000,000 bushels, a large surplus above our domestic wants. The export trade, the New York Journal of Commerce estimates at 40,000,000 bushels.

LOOK OUT FOR IMPORTED VOTERS.—The fact is established, that the Democratic leaders in this State, are concocting and carrying into execution a most extensive and disgraceful system of rascality, by means of which they hope to give the electoral vote of Kentucky to Buchanan. There is abundant evidence to show clearly, that they are importing foreign voters by scores and hundreds, principally from Ohio, and those Hessians they are stationing in the interior Sag-Nichts counties of the State, until after the election. The particulars of the movement were disclosed by one of the imported miscreants, last week, to several gentlemen in Louisville, who represented themselves to him as Democrats for the purpose of getting the truth from him. He stated that a number of Kentuckians were in Cincinnati, attending to the importation, furnishing the money and giving all necessary directions. Those imported are principally Germans, and from 3,000 to 5,000 have already been sent to this State, with hundreds more yet to come. All their expenses are to be paid, and if they succeed in voting, they are to have ten dollars each, additional, and then be discharged from service. This man (Theodore Meyer by name) stated that his destination was Louisville, and that boarding-houses were to be furnished in Marion for himself and his fellows in iniquity. A correspondent of the *Journal*, writing from McAfee, Mercer county, says large bodies of these imported voters are now quartered in the hills of Chaplin, and we doubt not but that some of them are in nearly every county in the State. We caution our American friends that a most stupendous fraud is to be attempted by our opponents. It is important that the friends of right, the friends of Fillmore and the Union, should be on their guard, and preserve the polls from corruption. Let a strict watch be kept at every precinct, for these imported Dutch scoundrels, and let it be seen to, that they are not allowed, by casting their illegal votes, to disfranchise the sons of Kentucky.

TRAITORS IN THE CAMP.—The word "disunion," which the Sag-Nichts pretend to applaud Buchanan for saying, should never be breathed by an American, is becoming a favorite word with Southern Democracy. Our exchanges abound with evidence to sustain the declaration, that the extreme Southern wing of the Democratic party is preparing for an attempt to dissolve the Union, and that the traitorous scheme is a cherished one with their leaders. The present Democratic Governor of Georgia and a majority of the members of the Legislature, are avowed disunionists, and there is reason to believe that the Governors and Legislators of Alabama, Mississippi, Texas, Virginia, North Carolina, and Florida, are of the same stripe. Brooks, of South Carolina, in a recent speech, declared that he had been a disunionist from the time he could think, and that the way to meet the present crisis, was to tear the constitution of the United States, trample it under foot, and form a Southern confederacy. After giving his reasons for supporting Buchanan, he continued:

Now, Mr. Fillmore is, privately, a very respectable gentleman. He made a *few* promises, and I believe sincerely that, if he would desert his own party and make a *few* friends, he would be a *little* better man. But that he would do well if he would throw back the prospect of disunion.

THE BARBECUE IN GARRARD.—The American Barbecue, near Bryantsville, came off on yesterday. Notwithstanding the weather was very disagreeable, we should not wonder if the attendance was quite large. The Americans of Garrard are fully aroused, and may be expected to give a good account of themselves in November.

THE BASKET MEETING AT STANFORD.—Our American friends will collect that on Thursday next, a grand American Mass Meeting will be held at Stanford, on which occasion an old-fashioned Kentucky Barbecue will be served up. A number of fine speakers will be in attendance, and should the weather be at all propitious, a very large crowd is expected.

THE ELECTION RETURNS.—We publish in another part of our paper, all the returns we have received from the elections held on Tuesday last in the States of Pennsylvania, Indiana, and Ohio. The news thus far indicates the success of the Democratic tickets in Pennsylvania and Indiana, but we think the returns are not by any means sufficiently full, as yet, to render it at all certain who has been successful. Later advices may put altogether a different face upon the matter.

Douglas on Fillmore.—In a speech at Richmond, Virginia, on the 9th of July, 1852, Mr. Stephen A. Douglas, addressing a Democratic audience, said:

"We feel—say, all of us feel—that Fillmore was a real godsend. It was the calmest of the waters when the ship was sinking in the tempest."

The United States must be well aware that the ship, managed by Douglas & Co., is even in more danger of sinking in the tempest now than she was in 1851. So let the man who calmed the waters then, be called on by his countrymen to perform the same glorious office again. Why should the nation hesitate? How can it hesitate?

GIVING IT IN.—The St. Louis *Democrat*, a Buchanan paper, says, most melancholy:

"While we shall labor for the success of the Democratic party in the present contest, we confess we do not look upon the chances of success as wearing the same bright appearance that many of our contemporaries seem to conceive."

RECEIVING AMONG THE AMERICANS.—A dispatch from Rochester, New York, dated on the 25th says:

The union of the two divisions of the American party, and the nomination of a Fillmore State ticket, has caused great enthusiasm throughout the State, as evidenced by the receipt of telegraphic dispatches; and it is now freely conceded, even by the opponents of the party, that the Presidential and State ticket (Fillmore for President and Erastus Brooks for Governor) will be carried by a hand-some majority. Indeed, bets are making here by prominent politicians that the American majority in the State will reach 20,000. The reason of the good feeling among the party is more apparent, when it is considered that such a thing as a union of the discordant factions has all along been regarded impossible.

TRICKS OF THE ENEMY.—We wish to caution our American friends against the "insidious wiles" of the Secesh-Nichts, says the Memphis Eagle. We learn that they approach Americans in this way: "We want to beat Fremont. Will you vote for the strongest man for that purpose?" The American answers yes. "Well, now, that fact is between us, says the Secesh-Nicht, "Fillmore stands no sort of chance, come picky yourself at once for Buchanan." He is a very weak American who could be led off by such a trick. If water were as weak as he, it would not have strength enough to run down hill. Stand to man! he can be elected. He is twice as strong in the North as Buchanan, and much stronger or will be in November, than Fremont. Look at the great Whig movement for Fillmore. Take the Americans and Whigs, and they can elect Fillmore, there is no sort of a doubt of that. When Fillmore's great and increasing strength in the North is known in the South, the Southern States will go for him. Every breeze from the North wafts to us the noise of the tramp of the Fillmore hosts and the clangor of the irons. Americans of the South be of good cheer. The day will be ours. Mark it.—American Organ.

THE GAME DRAWING TO A CLOSE.—The "Game of Brag" is well nigh up with the Locofoco gamblers and they will soon be forced to show their hand. We predict that they will make very much such an exhibit as they made in 1840. A contemporary says they then claimed twenty-two of the twenty-six States, giving 261 electoral votes, and they got 7—which gave 60. They are some what less greedy at present, and claim 15 of the 26 States, and there is bare possibility they may succeed this fall in carrying about the same proportion of the 15 as they did the 22 in 1840. Now let us compare their boasting in 1840 with the actual result in that year:

They claimed 22 States and got 7. They claimed 261 electoral votes and got 60. They claimed Penn. and lost it by 350 maj. They claimed Maine and lost it by 811. They claimed Dela. and lost it by 1,293. They claimed Mich. and lost it by 1,801. They claimed N.J. and lost it by 2,317. They claimed Miss. and lost it by 2,543. They claimed Md. and lost it by 3,640. They claimed N.Y. and lost it by 3,755. They claimed N.C. and lost it by 3,824. They claimed Tenn. and lost it by 12,162. They claimed N.C. and lost by 11,594. They claimed N.Y. and lost by 13,290. They claimed Ohio and lost by 23,317. They claimed Ky. and lost by 25,678.
